

P J TOWNSEND ASSOCIATES

Architecture Project List

PJTA have been involved in a wide variety of Architectural Projects. The following selections have been chosen to highlight the diversity of our work.

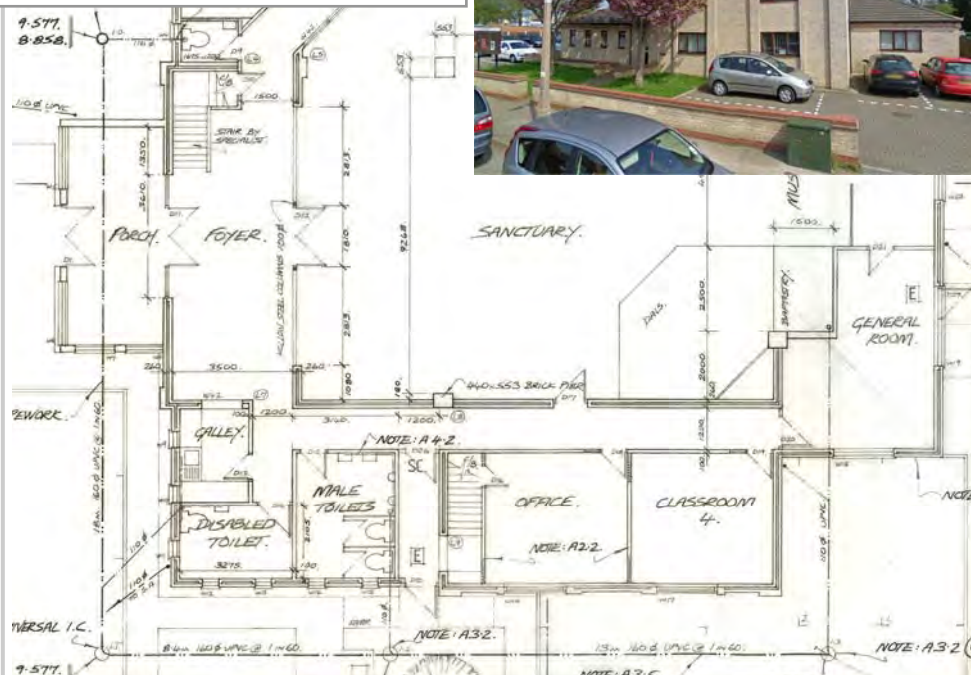

We are a design practice specialising in Architecture, Civil Engineering, Project Management and Surveying. We are a Cambridgeshire consultancy based in St. Ives, but our services are available to Clients throughout the UK.

Plume Avenue Church

Project: Church & Community Centre
Client: The United Reformed Church
Location: Colchester, Essex

Plume Avenue Church

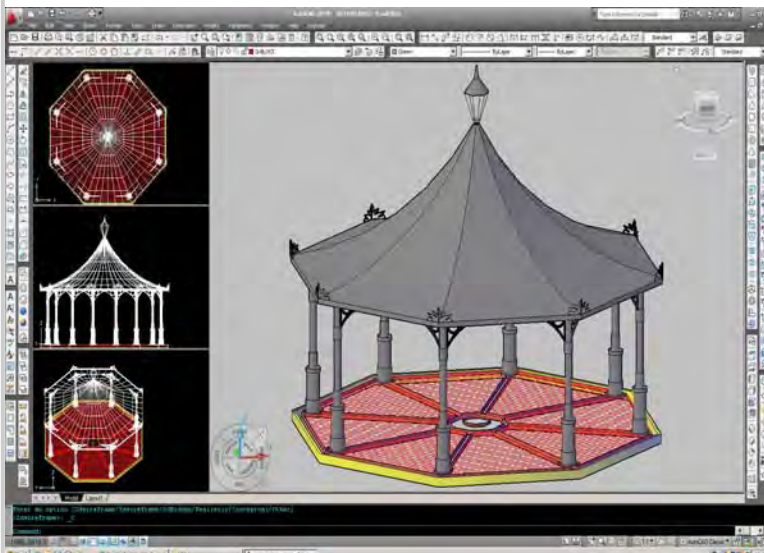

Plume Avenue Church, Colchester is one of three Churches designed by PJTA. This design utilised traditional construction methods and materials to provide the Client with the most cost effective project achievable. Brick arches, parapets and dog tooth dentils add decorative detail to the structure.

Self-Build House Extension

Project: Self-Build House Extension
Client: Private Client
Location: Sutton, Cambridgeshire

PJTA are flexible enough to provide services to match our Client's needs. From self-build projects that require plans only to fully managed projects.

Cast Iron Bandstand

Project: Cast Iron Bandstand
Client: Specialist Company
Location: Huntingdon, Cambridgeshire

PJTA were involved with the detailed design, manufacture and erection of the cast iron bandstand at the Town Park in Huntingdon. A brief departure from our usual design work. This highlights our knowledge of specialist materials and the wide range of projects we are able to undertake.

Community Hall Toilet Refurbishment

PROPOSED TOILET LAYOUT

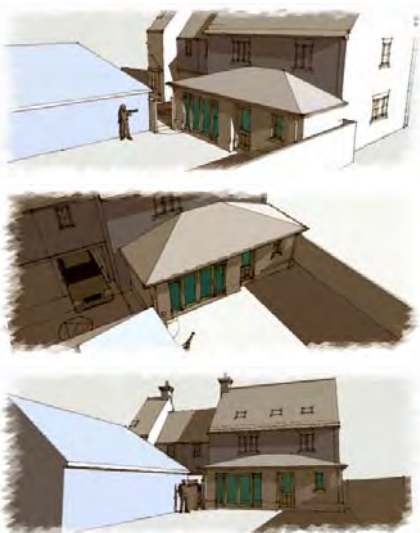

EXISTING TOILET LAYOUT

DOC M: DISABLED TOILET FACILITY

Project: Refurbishment
Client: Sawtry Parish Council
Location: Sawtry, Cambridgeshire

Refurbishment contracts can be very complex. We understand the need for Local Authorities and Parish Councils to demonstrate 'Best Value' in every project they undertake. Our services are tailor made to compliment a Council's procurement policy, to clearly demonstrate a fair and open contracts procedure to all.

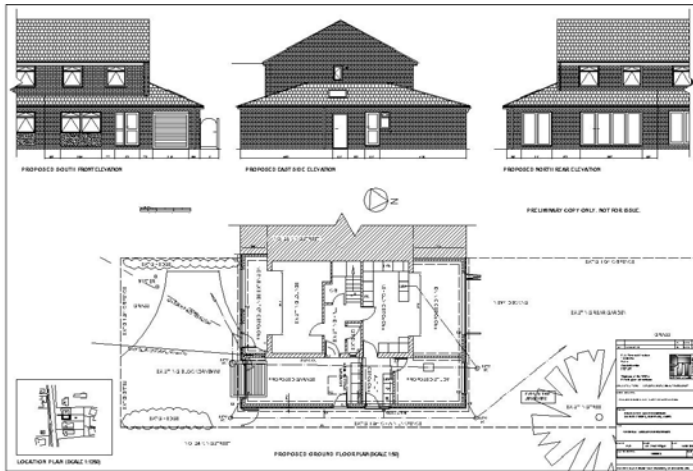

Typical Single Storey House Extension

Project: Single Storey House Extension
Client: Private Client
Location: Burwell, Cambridgeshire

The core of our architectural work continues to be domestic house extensions and we pride ourselves in providing a professional and responsive service to all our Clients.

From Flat Plan To 3D Computer Model

Project: 3D Visualisation
Client: Private Client
Location: Rampton, Cambridgeshire

We can take any flat plan and turn it into a 3D computer model. From this our Clients obtain a greater understanding of perspective, materials used and shadows cast. This is ideal for presentation work and we can even produce an animated walk through or fly past of the project.

And Finally.....

And finally..... A porch, just to prove that there is no job too small for PJTA. If you would like further information about our services then simply get in touch, our advice is free and impartial.

Project: Porch
Client: Private Client
Location: St. Ives, Cambridgeshire
